

MULTI-DROP PLATFORM (MDP)

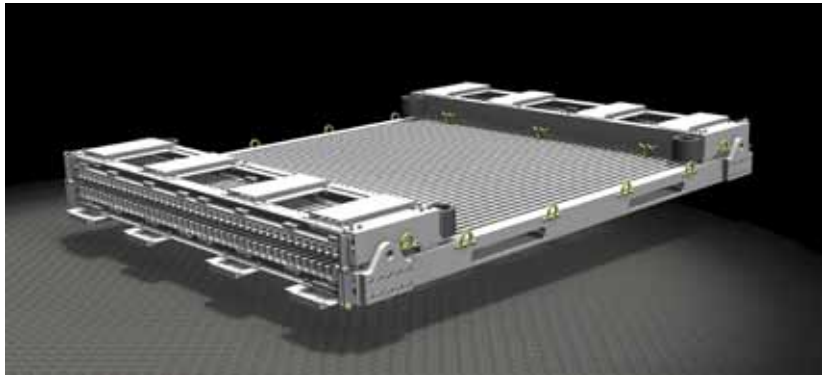

RAPID RIGGING AND DERIGGING

MULTI DROP PLATFORM

Capewell's Multi Drop Platform (MDP), is designed for rapid rig/de-rig of small vehicles such as ATVs, motorbikes, snowmobiles and small cargo loads. The rapid rigging and de-rigging feature provides a user-friendly solution for delivering a wide variety of cargo to remote locations minimizing exposure to the soldier. The MDP is designed to work with a wide range of transport aircraft and custom or off-the-shelf parachute configurations allowing maximum flexibility to users. The MDP is easily transportable, can be stacked and fits on a 463L pallet when folded.

PN C11-4000 In Open Position

PN C11-4000 In Closed (folded) Position

MDP FEATURES

- Operational Configuration: 126" x 70"
