

Capewell Retractable Grappling Hook

**Designed by soldiers...
for soldiers**

Designed by the Army Natick Soldier Center, the Capewell Retractable Grappling Hook is the ultimate solution for scaling buildings & cliffs, boarding boats or clearing hazards.

Powerful

Constructed of high-strength steel, it supports over 1,600 lbs (or six 268 lb men!)

Convenient

Compact, lightweight (only 1.5 lbs) and easy to operate, it offers maximum mobility & safety.

For more information about our Retractable Grappling Hook, visit www.capewell.com or call us at **860.610.0700 x 3360.**
